SECTIONALS

The serious business of making champions has begun. The skating world has its eye particularly on those skaters who placed among the first three in the Sectional Senior and Junior events and Silver and Gold Dance, for they are the ones siphoned off the top to compete in this year's Nationals. This cream of the Sectional crop also may produce members of next year's World Team or 1968 Olympic Team. Competitors achieving first, second or third in Sectional Senior Singles or Pairs will enter the National Junior Singles or Pairs, while the first three in Sectional Junior Singles will be eligible for National Novice competition. The first three couples in Sectional Silver and Gold Dance will compete in the same events at Nationals. This is the last year the current qualification requirements for Sectionals will be valid. Beginning in 1967, all competition qualifications will be subject to the revised requirements listed on pages 41 and 42 of the 1966 *USFSA Rule-book*. The following competitors are listed in the order of final placement with positions after compulsory figures or initial dance in parentheses.

L to R, top to bottom: Marilyn Meunier; Mark Militano; Melissa Militano; John Hubschmitt & Barbara McEvoy, Roger Berry & Alma Davenport, Kristine Myers & Michael Wayland; Betty Lewis & Richard Gilbert.
