# *The Championships of the World*

(Compiled from reports furnished to SKATING by U. S. observers in Paris)

THE 1958 CHAMPIONSHIPS of the World took place at the Palais des Sports, Paris, France, on February 13-15. Practice ice and the Men's figure event only were held in a new rink owned by the Federation Francaise, a modern, all-glass structure. A unique feature of this year's Championships—if not an unparalleled incident—was that all four events boasted Defending Champions, all of whom were successful in retaining their World titles. For the first time since World War II, the Soviet Union had entries in a World competition—three men and two pairs. As a class, the Russians are a little older than the other competitors, and very strong athletically. They have received no formal instruction, but have learned mostly from movies and books.

## MEN'S CHAMPIONSHIP

Outstanding in the figure division were the tracings laid down by Tim Brown, notably a strong compulsory skater, who held a very comfortable margin over Defending Champion David Jenkins after the six figures were completed. Tim received seven first places. Without exception, the other U. S. contenders and the three Canadian men were down in the middle group, with Don Jackson of Canada the best of them (9th). Alain Giletti of France helped himself in the final result by winning a third place figure ranking with a compulsory performance which was improved from his usual standard.

Because of the large number of entries, the compulsory phase extended from 7 A.M. to 7 P.M. It was clearly evident that the time has come to evolve a way to limit the number of entries, for it is too difficult placing each one and justice cannot be done in the marking.

In the free skating, David Jenkins was at his very best, with practically a flawless performance. His spectacular exhibition filled with difficult moves brought him performance marks of a perfect 6, seven 5.9's, and a 5.8. His dazzling free skating display dissolved Brown's figure

lead and gave David firm possession of the title. Donald Jackson put on the show of his life, receiving well-deserved marks; he brought down the house with his combinations of double jumps and at least one triple. With a performance so outstanding that it surprised everyone he moved up to a final fourth place. Tim Brown, Tom Moore and Bob Brewer all did fine jobs in the free with good performances. Alain Calmat of France put on an outstanding free performance, and raised himself one place. Alain Giletti's free skating was up to his usual standard and he had no trouble holding his third place. Karol Divin of Czechoslovakia, who had beaten the French competitors a fortnight earlier for the European title, fell during his free program, and dropped to sixth from his fourth place figure ranking.

Charles Snelling, Canadian Champion, always a wonderful competitor, was down in the figures, and was disappointing in his free performance. Although he did not miss anything, he seemed to lack his usual pep and fire. Eddie Collins of Canada put on a smooth, workmanlike performance to better himself by one place.

The Russian competitors were quite impressive, considering that their figures were not very good. All did the modern free skating moves, and Lev Michajlov, in particular, was a good free skater. Although the Russians had no real technique they went into their programs with ambition and vigor.

## LADIES' CHAMPIONSHIP

Carol Heiss, in quest of her third World title, ended up far ahead of the rest of the field at the end of the figures. It is rare to see such a large lead in a top-ranking competition—71.1 points over second place Ingrid Wendl of Austria, or an average of practically an 8-point lead on each Judge's card. Carol did almost perfect skating and amassed a commanding 1,011.7 points. Miss Wendl, European Champion, led her compatriot Hanna Walter by 61 points; from third

place down the other ladies were fairly well bunched.

Carol's thrilling free performance brought perfect marks of 6 from three of the European Judges—the successful defense of her title was already a foregone conclusion. Particularly impressive is her series of axels done first on the right foot and then on the left—a very difficult and very beautiful move. She is one of the few who jumps equally well off either foot. Ingrid Wendl performed in fine style; the improvement in her free skating over last year could easily be seen. Nancy Heiss put on a very pleasing performance but she was not impressive enough to hold her fourth place in figures and dropped to sixth. Also improved over her 1957 World showing was Ina Bauer of Germany; particularly noticeable was her better work in figures, and after the free skating she moved from eighth place to fourth. Patricia Pauley of Great Britain was impressive with an outstanding free program skated with verve and to the music. Other programs of unusual interest were that of Regine Heitzer of Austria, who is only about 12 years old and shows interesting promise; and Sonia Snelling, Canadian Junior Champion, who looked very good in a nice free program.

Margaret Crosland, Canadian Champion, finished a disappointing thirteenth, as she apparently could not seem to get going in this competition. Carol Wanek, U.S. Junior Champion, is an even, workmanlike skater, who made a satisfactory showing in her first World appearance. Claralynn Lewis skated a nice program but had difficulty in her timing which interfered with her usual fine flow; this could have been the fault of the record machine, which jumped for some of the competitors. Here again, in a field of 29 ladies this year, it was felt that many were not up to the standard of a World competition.

#### PAIR CHAMPIONSHIP

The successful Defending World Champions, Barbara Wagner & Robert Paul of Canada, put on an outstanding, flawless display of a very fine program. Their unison, striking lifts, and smooth run in perfect time to their music was a

classic example of pair skating of true World Championship calibre. Maria & Otto Jelinek of Canada skated particularly well, with a program highlighted by their extremely smooth style. They placed a very close third to the second-ranking pair, Vera Suchankova & Zdenek Dolezal, European Champions from Czechoslovakia. The British team of Joyce Coates & Anthony Holles surprised everybody with their greatly improved style from last year; they skated a fine program remarkably well. The Paris crowd received the U. S. Champions, Nancy & Ronald Ludington, with enthusiastic howls, but their performance lacked its usual freedom and they appeared restrained and careful; their program contained some moves which are barred (or at least controversial) under a new ISU rule governing pair skating. For their initial entry, Mary Jane Watson & John Jarmon put on a pleasing performance and program, to place ninth.

#### DANCE CHAMPIONSHIP

The draw for the compulsory dances produced the Foxtrot, Viennese, Paso Doble and Tango, skated in this order. Because of the large field (16 couples) the starting time was moved up one hour.

The music selected for the Foxtrot was "Gimme a Little Kiss." Though one of the easier of the international dances, the scraping of threes and mohawks was far greater than would be expected from World competitors skating what is a Pre Silver dance in the USFSA. Naturally the top couples did well and quickly stood out in the field. The English skaters did particularly well with June Markham & Courtney Jones showing interesting expression with long, deep edges and knee bends, followed by much lesser ones on the shorter edges.

The Viennese, one of the really difficult Gold Dances to skate correctly, began to "separate the men from the boys." One saw a great deal of improper timing of Steps 1, 2 and 3, and 16, 17 and 18, but the music, "Vienna Blood," did not help because it lacked the typical Viennese phrasing. In the man's choctaw sequence (Steps 9, 10, 11) one saw a great deal of "Foxtrot" timing instead of waltz timing as the dance is written. The ladies seemed

to have a great deal of trouble getting on an edge for their mohawk, there being more true flats than edges skated. This was even true for Markham & Jones, whose pattern also "crept" quite noticeably on the repeat. This seemed to be one of Geraldine Fenton & Bill McLachlan's best dances skated with good flow, accurate edges and timing. Andree Anderson & Donald Jacoby had some trouble similar to what was mentioned above for Markham & Jones.

The Paso Doble was skated to true Spanish Paso Doble music, "El Germante." Reginald Wilkie, the Dean of English Ice Dancing (and Referee for the dance events this year) has said that in his opinion Steps 26, 27, 28 (the cross rolls at the end of the Paso) are the most difficult steps in all the ice dances to do correctly. From the performances in the Worlds he would seem to be correct. Most of the couples placed these steps on the opposite side of the rink from the Judges so it was a little hard to observe them accurately. Markham-Jones and Anderson-Jacoby executed the Paso exceptionally well, but the surprise was Beverley Orr & Hugh Smith of Canada, who were easily up there toward the top in this particular dance. Fenton & McLachlan had good flow and deep cross rolls that added up to a fine performance. It was surprising that six of the World dance teams (none of them from North America) started the Paso in the middle of the measure of music, that is to say, on count 3 rather than on count 1, as the dance is laid down in the *Rulebook*.

After all the discussion over the past two years regarding the requirement in the ISU *Rulebook* for full outside or tango position in the 4-count rolls of the Tango, it was interesting to see how this was handled. Of the North American dancers, only Anderson & Jacoby were in tango position as required. Incidentally, they did an excellent job with this dance, both in expression, flow and technical accuracy. The Canadian couples went straight into waltz position after their chassé steps, while O'Neill & Bejshak were in "partial outside" position which is allowed by USFSA rules, but not by ISU. Many of the couples experienced difficulty with the

U. S. GOLD DANCE CHAMPIONS Sharon McKenzie & Bert Wright did not skate in the World Dance Championship because of an infected Achilles tendon suffered by Sharon, which prevented them from training. They will not enter the Nationals, and Bert has turned professional to teach.

music ("Romanesca," a European orchestral recording) because the beat evaporated for about 10 seconds after the first 20 seconds of the record. It seemed that Anderson & Jacoby did not get quite the high marks that their performance justified in this dance, while the Canadians were not penalized as much as they should have been for very glaring infractions of the rules.

For the free dance, the British have introduced something new—a very fast time and equally fast footwork. (The first movement of Markham & Jones' music was going at 200-plus beats per minute.) The other British couples and some of the other European teams used very fast South American rhythms. Markham & Jones being such accomplished skaters handled this tempo remarkably well and made it look good. The others left something to be desired, because it was over their heads in difficulty. There can be no doubt that the British have added something new and very difficult—like the very fast footwork of the outstanding free skaters.

The best comparison of the free dance of Anderson & Jacoby with Markham & Jones was not possible in this competition because the tone arm of the record player jumped for the USFSA couple, throwing them off so that they never were able to catch up with their music. O'Neill & Bejshak, and apparently about half the other couples, had the same sad and shaking experience. In spite of these difficulties the free dancing presented interesting and varied interpretations of ice dancing.

FOLLOWING THE FINAL EVENTS, the Champions were awarded their new titles in the presence of ISU officials and the President and members of the Counsel of the Federation Francaise des Sports de

Glace. The awards were made by the Referee of each event—Major K. M. Beaumont, Men; Josef Dedic, Ladies; G. Torchon, Pairs; R. J. Wilkie, Dance—during the Final Banquet, held at the Palais d'Orsay on Sunday morning from 2 A.M. to 5:30. At other events, Mayor Marcel Leveque and members of the Bureau of the Municipal Counsel of Paris entertained all skaters and officials at a reception on Saturday noon at the City Hall. A cocktail party on Saturday afternoon was given at the home of Madame Jean Potin by the Counsel on Administration of the Palais des Sports. Earlier in the week, Canadian Ambassador Jean Desi entertained the Canadian Team, the ISU officials, and many of the U. S. skaters and officials at his apartment.

The North American skaters left Paris to tour various cities in exhibition appearances before returning from Europe. Carol Heiss, David Jenkins and Ina Bauer skated in a TV show in London on February 19. While Carol, Nancy Heiss and Donald Jackson were skating at Vienna and Garmisch, the U. S. Team began a tour which included Munich, Garmisch, Warsaw, Budapest and Berlin.

# "The Goose Begins to Squeal!"\*

By HENRY T. REATH

GET A GROUP of enthusiastic skaters together and as long as skating is the main topic of conversation, there may be as many varying points of view discussed as there are persons present. But get together a group of skaters who, in their spare time (and, for that matter, during most of their business hours as well!) have any of the responsibilities of running a club and attending to its finances and there is one subject which, if discussed, is guaranteed to bring sudden and dramatic accord out of discord. I refer, of course, to the "tribute we must pay to Uncle Sam" for the privilege of skating—in the form of the Federal 20% tax on dues and skating privileges.

The inequity of this tax becomes all the more apparent when we realize that individuals, skating at a public session at a commercial rink for profit, pay no tax at all if the admission price per session is less than 90¢—which is usually the case.

The 20% Dues Tax on clubs is one of a number of so-called "luxury taxes" imposed by the Federal Government. These include such taxable items as perfumes, whiskey, cigarettes, jewelry, leather goods, furs, and cabarets (i.e., where food and liquor are furnished along with music and facilities for social dancing), and all other forms of frivolous living for the idle rich—skating included, of course!

Interestingly enough the tax was imposed at the 20% rate at the beginning of World War II as a temporary measure. One of the objectives at that time was to curb inflationary tendencies in a war-time economy, by discouraging purchase or use of the facilities being taxed. Since then, two wars have come and gone, but the 20% Dues Tax, like Methuselah, lives on and on.

It is encouraging to report, however, that during the last year, considerable progress has been made to remedy this situation—insofar as skating clubs are concerned.

As this article goes to press, the writer is hopeful of receiving word very shortly that he and several other persons representing individual clubs, and also the USFSA, will be given an opportunity to testify at a Congressional public hearing in support of remedial legislation which will be proposed and could be adopted at this session to remove the present inequity.

In presenting the case on behalf of an exemption for skating clubs, the following points will be stressed:

(1) Skating clubs serve a primary function of providing a healthy form of recreation for children.

(2) The construction and maintenance of such facilities, particularly by private skating clubs, avoids the need for the use of additional tax money to provide these recreational facilities.

(3) It is in the national interest to promote, rather than discourage, a healthy recreational sport such as skating—for the physical fitness of American youth is a matter of vital concern to our National Defense.

(4) It is unfair to penalize a *non-profit club* which is well organized and offers a carefully planned, diversified, and supervised program by taxing such clubs at the rate of 20% and, at the same time, imposing no tax on a *commercial skating rink for profit* that admits members of the public to its facilities and offers no program that is remotely comparable to that offered by the non-profit skating clubs.

At the public hearings, it will be argued that the well-planned youth programs of member clubs of the USFSA undoubtedly

---

*Henry T. Reath, a member of the Philadelphia Bar, was one of the founders of the Wissahickon Skating Club and headed its Fund Raising Committee. At present, he is a member of the Board of Governors, the Solicitor for the Club, Chairman of the Ice Committee and an active figure skater.—Ed.*

\*One of the most insidious forms of taxation which has become increasingly popular in the last 25 years is the excise tax—a hidden, indirect tax. It has been said that the purpose of an excise tax is to remove the maximum number of feathers from the goose with the least amount of squealing.

have the wholehearted endorsement of President Eisenhower's Citizen Advisory Committee on the Physical Fitness of American Youth. In this connection, it will be asked whether or not it should be the policy of the Congress to discourage (as it now does by the 20% Dues Tax) or to encourage the activities of such clubs that do provide a healthful recreational and athletic activity during the winter months for children, especially, to participate in.

We will also point out that through the carefully organized and supervised athletic programs such as sponsored by member clubs, we are all contributing to the development, in the *children of today*, of those qualities that *our citizens of tomorrow* must have if our country is to remain strong and respected—qualities such as strong, healthy bodies; physical stamina; endurance; “stick-to-it-iveness”; self-confidence; a keen competitive sense; pride of accomplishment; teamwork; and a sense of fair play and sportsmanship.

We will also stress that community lead-

ers, educators, public recreational officials and leaders from many other fields have wholeheartedly endorsed the splendid youth programs sponsored by the many skating clubs throughout the country.

Finally, we will point out the tremendous financial squeeze which so many of our clubs are experiencing. With the costs of operating a rink still going up and, at the same time, signs developing of a declining national economy which will undoubtedly make less funds available from club members to spend on skating for themselves and their children, it would seem only fair that the tax relief, so desperately needed if these clubs are to continue to offer the splendid programs they have done in the past, should be granted as soon as possible.

Any member clubs of the USFSA who wish to go on record as favoring the legislation we seek should have their officers direct a letter, preferably on club stationery, to Henry T. Reath, Esq., 1617 Land Title Building, Philadelphia 10, Pennsylvania, in which they state their position.

## *Annual Meeting of USFSA Governing Council*

By KENNETH L. BROWN

*President, United States Figure Skating Association*

THE 1958 USFSA GOVERNING COUNCIL Meeting will be held on Saturday and Sunday, May 10 and 11, at the Hotel Somerset, 400 Commonwealth Ave., Boston, Mass.

An Executive Committee Meeting is scheduled for 10:00 A.M. on Friday. That evening an informal open meeting will be held to give everyone an opportunity to discuss skating or club problems and to offer suggestions.

The Governing Council will meet on Saturday, starting at 9:00 A.M. Open committee meetings scheduled for Saturday night will be announced. In addition to Governing Council delegates, adult members of the Association are cordially invited to attend the general meetings and to take an active part in the discussions at open meetings.

The Sunday session of the Governing

Council will also commence at 9:00 A.M. The Skating Club of Boston will be host at a cocktail party to be held preceding the annual USFSA luncheon.

The USFSA Central Office and the offices of SKATING Magazine will be open to visitors on Friday, May 9, from 9 A.M. to 5 P.M. The offices are located in the Copley Square Building, 30 Huntington Ave., Boston; they are on the fifth floor: SKATING in Rooms 526-528, and the Central Office in Room 516.

The Skating Club of Boston, 1240 Soldiers Field Rd., Brighton, will welcome visitors during its skating sessions.

The Hotel Somerset is centrally located and all points of Boston are readily accessible from it. Information will be available about tours to the many places of historical interest in the Boston and surrounding areas.

# Introducing the New Canadian Champions

By EDITH E. RAY

FOUR OF THE CONTESTANTS in the 1958 Championships of Canada were successful in retaining their titles: Charles Snelling, Men's Champion for the fifth successive time; Barbara Wagner & Robert Paul, Pair Champions for the third year; Geraldine Fenton & William McLachlan, Dance Champions for the second time, Tenstep Champions for the fourth year, Waltz Champions for the third time. As "repeat" champions they have been introduced previously to SKATING's readers through feature stories, and other items of interest have been published about them in relatively recent issues.

✱ Stunning, red-headed MARGARET CROSLAND won not only the *Ladies' Championship* but a berth for herself on the 1958 World Team. The 18-year-old miss, who skates from the Winnipeg WC, downed the opposition of five other competitors in taking the title left undefended by the former champion (Carole Jane Pachl did not enter this year because of a leg injury). Margie lives in Calgary and attends Mount Royal College; she is in her senior matriculation and plans later to study pharmacy at the University of Manitoba. Her talents extend into the field of the arts—she used to play the piano and paint in oils, when time was not as pressing as now, and she is also a student of the ballet. A Canadian and U. S. Gold Medalist, Margie makes a striking picture on and off the ice—she is slender, 5'5" tall, a light 106 lbs., and wears her "carrot top" hair short and softly waved. She has large blue eyes and the very fair complexion that is typical of one with red hair. Margie's older sister Donna is taking her BSc. in Nursing at Queens, and her 14-year-old brother John attends school in Winnipeg. Record: 1956 Canadian Junior Lady Champion; member of 1957 World Team. Professional instructor: Hans Gerschweiler.

✱ A little of her brother's success rubbed off on SONIA SNELLING, new *Junior Lady*

*Champion*, when she captured the title in a field of 13 aspiring young competitors. A Granite Club skater, Sonia is in grade 11 at Lawrence Park Collegiate in Toronto; extra-curricular activities include playing the French horn in the high school orchestra, and swimming when the occasion permits. After school, she has hopes of attending a University. Sonia holds her CFSA Gold Medal and has passed the Silver Dance Test. She is of slight build, 5'1", with sandy-brown hair worn short and softly curled around her face in a modified Italian cut. She has a fair complexion and blue eyes. Sonia reached her 16th birthday on February 22 of this year. Her older brother, Charles, needs no introduction as the 20-year-old Men's Champion of Canada who won that title this year for the fifth time; sister Linda, 12, is the third skating member of the family and is currently working on her Sixth Test. Record: Granite Club Champion, 1957-58; 1957 Central Ontario Lady Champion. Professional instructor: Marcus Nikkanen.

✱ Toronto's Granite Club produced another winner when 20-year-old CARL HARRISON moved into the *Junior Men's* title spot. Carl is not at school at present—he was graduated in 1956 with senior matriculation from New Toronto secondary school—but divides his time between training and working part time. He stands a handsome 6', has hazel eyes, and light brown hair worn in a brush cut. His other sports interests are track and field (specializing in the pole vault and 100-yard dash), tennis, and baseball before skating occupied his time. Carl used to pitch and play shortstop on a rural ball team outside of Woodstock, Ont.; and last summer he won a tennis tournament in his home city of Toronto. Carl is a Seventh Test skater and has completed the Gold Dance Test. He is not definite about competing in the future but does plan to continue skating. He has one

brother, Lawrence, who is 23 and married. Record: 1957 Canadian Junior Pair Champion (with June McLeod); 1958 Central Ontario Men's Champion; Club Champion, 1957, in Men's, Pair, and Dance events. Professional instructors: Marcus Nikkanen, Margaret Roberts Hyland.

✱ The team of JUDITH RUDD & ALASTAIR MUNRO brought first-place medal honors to the Minto SC when they annexed the *Junior Pair Championship*. Residents of Ottawa, both are 17 years old and in grade 13—Judith at Fisher Park High School, and Al at Glebe Collegiate. Judith's interests run especially to sports, and she participates in track and field events at school. Last spring she took two firsts in an intra-city track meet among Ottawa schools, winning the 75-yard dash and breaking the record in the standing broad jump. She also plays the piano. Al's tastes run to music, as he is a "hi-fi" enthusiast, sings bass in the Glebe Lyre's Club, and plays first French horn in the school band. Judith is tall, 5'8", slender, with brown eyes, and brown hair worn medium long with shaggy bangs. Al reaches a lofty 6'2½", has brown eyes, and black-brown hair; he generally wears glasses when off the ice. Al hopes to enter Carleton University in Ottawa next fall and is uncertain about his future skating plans. He has passed the Second Figure and Senior Bronze Dance Tests. Judith has hopes of entering Western University in London, Ont., and would like to continue in competition. She is a Gold Medalist and has passed the Senior Silver Dance Test. Judith has no brothers or sisters, but her parents are active in club affairs—her mother serves as Vice-President of the Ladies' Committee while her father is currently Club Vice-President. Al has one brother, John, who is three years younger, to the day, than Al. He is a second cousin of Toronto's William McLachlan, the Canadian and North American Dance Champion. Professional instructor: Ray Lockwood.

✱ Honors in the *Junior Dance Championship* went to the brother-sister combination of SVATA & MIREK STAROBA. They

are transplanted Czechoslovakians, live in Toronto and skate for the University SC. They have one older sister, Stela. Svata (19) is in her second year at the University of Toronto where she is majoring in French; Mirek (15) is in the second form at Upper Canada College and hopes later to attend University and study engineering. Svata, a 5'6" attractive brunette with a lovely, slender figure, wears glasses on the street; her hair is long but is sometimes rolled in a bun. Mirek stands 5'10", is of medium build, and has light brown hair and blue eyes. He is a stamp collector, likes all sports in general, and coaches his high school football team. Svata is particularly fond of swimming and has done ornamental, synchronized type of swimming; she also participates in gymnastics. This team—both are Senior Silver Dance Medalists—would like to continue competing in the Senior divisions. Record: 1957 and 1958 Central Ontario Senior Dance Champions; runners-up, 1957 Canadian Junior Dance. Professional instructor: Jean Westwood.

### Advice from a Dance Champion

WHEN ASKED FOR TIPS on dancing, Sharon McKenzie, 1957 U. S. Gold Dance Champion, made these observations:

"Friends are always speaking of my posture and carriage while I skate. My first professional, Gene Turner, told me what to do. He said, 'Always keep your ear over your shoulder, your shoulder over your hip, and your hip over the skating foot. If you do that, you just have to hold yourself erect.'

"Pro Bill Kipp gave me the thing most needed for good competition skating, and that is self-assurance.

"The only advice I can give to dancers is to work hard on a good basic stroke; if you can master that, the rest will come with ease."

## Children's Corner

Dear Mrs. Blanchard, My name is Sandy Werner and I belong to the Washington Figure Skating Club. I was six on November 18th. This picture was taken last March when we had a snowstorm in Washington, D. C. and you can barely see my skates. I want you to know that I am a little taller than this now and although I am not a good skater yet I really do love to go skating with my mommie and daddy. I am in the Preliminary group. I

am in the first grade and go to a brand new school which has just been completed in our area — Ashburton School. My mommie has told me all about your wonderful Skating Magazine and someday I hope to meet you. I am no longer shy of children as I once was and I have many friends in the WFSC—both seniors and juniors. Skating is just wonderful!—*Sandra Ellen Werner.*

Dear Friends: I am two and one half years old and the youngest member of the Bear Mountain Figure Skating Club skating on single runner skates. I started skating last year on double runners, but I'm sure that by next year I'll be skating all

alone. My Grandpa is president of our club.—*Debbie McCune.*

Dear Skaters, I am eleven years old and have been Skating for four years. I am working hard on my second and Silver dances. Len and I competed in the B. C. Coast Championships where we placed second in Bronze Dance. We skated a Dance pair in the Club Show on January 18th. I belong to the Victoria Figure Skating Club.—*Lorraine Hyne.*

Dear Skaters, I have been Skating for three years and am eleven years old. I am working hard on my first test and Senoir Bronze Dances. I skated a Dance pair in the Victoria Figure Skating Club Show with my partner Lorraine Hyne. We went to B. C. Coast Championships where we placed second in Bronze Dance.—*Leonard Simpson.*

Dear Skating friends, This winter I have been working hard for Mid-Westerns. I am a member of the Denver Figure Skating Club. I am ten years old and I have passed my second figure test and preliminary dance test. My picture was taken at the grand opening of the Zeckendorf Plaza. I skated the part of Sona Henie in the show and Christine Engleman. The show was telecast and was a lot of fun.—*Janet Smith.*

This is a picture of me and my 13-year-old sister, Gloria. We got our first skates for Christmas 1956 and joined the Quaker City Figure Skating Club. I Love skating more than anything.—*Sandra Peirsol, age 6.*

### Junior Coaches

MY NAME is Gerry Williams. I am 13 years old and working on my Fifth Test. I belong to the Town of Mount Royal Figure Skating Club. Once a week I help to teach the novice group of our club their Preliminary Test, under the supervision of our pro.

This session is an hour and a half. The first three-quarters of an hour is spent on

figures and the remainder on free skating. The children range in age between five and eight years. They are taught the basic steps of skating, such as the figure eight, waltz eight, edges, bunny hop, grasshopper, three jump, etc.

I am one of a group of girls called Junior Coaches. Daphne Armstrong, our professional, is in charge of this whole group. The Junior Coaches must have their First Test and are between 13 and 16 years of age. We are not paid to teach but do it for the experience and pleasure.

The club donates a trophy to the Junior Coach who shows the most progress within her group. This trophy is called the Stanfield Trophy and you are allowed to keep this trophy for one year. It is then returned and given to the next Junior Coach winner.

I enjoy this session very much as it is the way I was first taught.—*Gerry Williams.*

### Children's Corner Photographs

TO FIT SKATING's layout requirements for the Children's Corner, photographs should be glossies about 8 by 10 inches in size. Snapshots and small prints cannot be used. The youngster's figure should be large and clear. Light backgrounds reproduce best. Material should be submitted through the club's Publications Advisory Committee Member.

# Why Do Skaters Dress So Badly?

By ALLEN T. KLOTS

*President, The Skating Club of New York*

THIS ARTICLE is not likely to make the writer popular with the ladies. But it comes from one who is devoted to the sport and art of skating and who is anxious to be proud of our skaters at all times and under all conditions.

Figure skating is a sport which differs from almost any other sport in that it combines both athletic and artistic elements. Figure skating, moreover, is—at least we like to think so—a sport for ladies and gentlemen. Is there any reason why they should not dress with the discrimination of good taste which would naturally be expected of them?

Grace, rhythm, and general beauty of execution are, of course, prime factors in the excellence of a skater's performance, and the costume a skater wears can either enhance or destroy the charm and beauty of the ultimate effect. One would naturally look to the ladies to take the lead in choosing that which is becoming and appropriate. Yet the costumes of many of our feminine skaters are, we submit, little less than appalling!

One of the cardinal points of good dressing is that it should be becoming to the individual. Except in rare instances, however, the dresses now worn by our women skaters, whether in competition or in formal club sessions, have no relation whatsoever to the individual figure of the wearer. The most common fault is, of course, in the length of the skirt—if you can call some of them skirts at all! How the vogue for the excessively short skirt ever got started is a mystery. Did it originate with some misguided or crafty tailor who with his tongue in his cheek and a leer on his lips undertook to perpetrate a huge hoax? Did newcomers to our sport, many of them young and unsophisticated (and others not so young nor unsophisticated), fall for it and follow like sheep in the mistaken idea that this must be the thing to do?

It is amazing that women usually of

great good taste and discrimination in clothes seem to become confused when they choose their skating costumes and fail to exercise that independence of judgment and discrimination which they normally use with such good effect. Instead, we find them arraying themselves in the most fantastic manner, evidently thinking that this is expected of them if they are to be regarded truly as skaters.

Whether one believes in short skirts or longer skirts, surely the conformation of the wearer is something to be considered. Obviously, a woman with slender legs and hips can wear gracefully a shorter skirt than one with thighs and hips which are not so slender. Yet in countless instances no attention is paid to this fact. Women over-generously endowed in certain areas will wear a little fringe of a skirt which merely serves to accentuate features which are better left unemphasized, whereas four inches or more of skirt length would add grace and beauty to the general appearance. Clearly, the place to cut off a skirt is where it does the most for the figure.

Even a girl with a thin, boyish figure will in most instances look better with more length to her skirt. The additional grace which a little more length gives to a skirt, whether it be in whirling or jumping or just plain skating, seems to be completely ignored by many of our women figure skaters.

Then there is the diaper motif! This is really something unique in the history of women's apparel. They come in many colors—blue, green, yellow, orange and, of course, flaming red. The most realistic effect is attained by white ones. Usually the skirt is an inch or two shorter than what is underneath, so that the diaper peeps coyly from below, even though the wearer be standing still! The diaper motif is particularly effective when adopted by ladies of ample proportions. Here again the color white is a favorite and the result

is extremely striking. Can some eager skating fan who is also a camera enthusiast help us drive home the point?

Please don't get the idea that this appeal for longer skirts is inspired by any sense of prudery on the part of the writer! Indeed, he would be perfectly happy to see the ladies skate à la Bikini. There is nothing more beautiful—if it happens to be beautiful—than the human form. And the forms of all skaters, of course, are beautiful. The point is simply that if we must undertake to adorn the human form by draping it, let us be sure that we improve upon it and not transform it into something grotesque. Nor do we entertain anything but admiration for amplitude in the female figure. Curves are vitally important assets to any woman's charm. One has only to look at the paintings of the great masters, particularly the undraped ones, to see how curves are regarded as a universal attribute of beauty. None of us males is indifferent to the spheres of influence of a Monroe nor do we recoil from the generous contours of a Lollobrigida or a Bardot. But even a Hollywood costumer would shrink from dressing any one of these charmers in such a costume as one can see in any skating event. To find a parallel one would have to seek out a Minsky burlesque.

Then there are the ladies of mature age—some of them grandmothers—who have beautiful legs and know it. Skating gives them an exceptional opportunity to display these charms. The shorter the skirt the greater the opportunity. So they permit their fawning dressmakers, always alert to curry favor, to encourage this weakness and cut off their skirts until they are nothing more than a mere frill—always accompanied by the diaper motif. Why don't these mothers and grand-

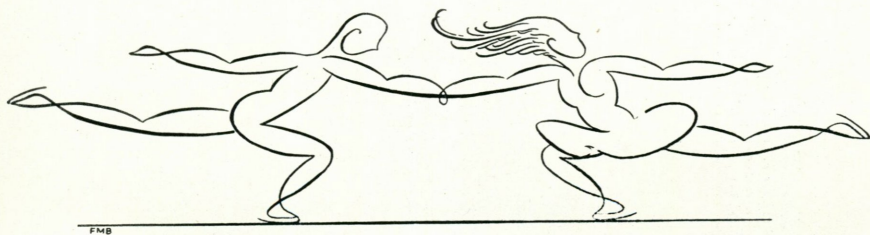

mothers realize how much more effective their charms would be if displayed under a skirt of graceful length? Instead, their efforts to look "cute" have only made them look silly.

No woman over forty can really look attractive in a get-up which makes her resemble an animated mushroom! Surely many of these ladies, when they first looked at themselves in the mirror wearing the outfit which their dressmakers had made for them, wondered if after all they did not look a little bit ridiculous. What a pity this sound reaction failed to prevail!

When it comes to men's costumes for skating, the problem is more difficult. We are at a loss to know what the well-dressed man really should wear when skating. We are inclined to think, however, that we could find a more desirable substitute for the monkey suit, which seems to be the prevailing mode for competitive skaters. A very wise and sophisticated dowager once remarked to us as she observed an admiral of the British Navy faultlessly attired in full dress tailless tropical evening uniform, "I have always believed that the tail of a man's coat performed a very useful function."

We do not seem to remember that the former leaders of our sport, such as Irving Brokaw and Nat Niles, were ever seen to skate in monkey jackets. We have no suggestion to make, but earnestly hope that someone competent to judge matters of this sort will put his or her mind to it and come up with something really smart and appropriate.

Please send all brickbats, etc., to SKATING Magazine, 30 Huntington Avenue, Boston 16, Massachusetts. All fan mail will be happily received at 40 Wall Street, New York 5, New York. The writer has not yet planned to leave the country.

# The European Championships

By JOHN NOEL

FOR THE SECOND TIME since the War, the European Championships have been held behind the "Iron Curtain." The 1958 events took place at Bratislava in Czechoslovakia from January 30 to February 2, and the free and pair skating were televised on "Eurovision."

The men skated Group III of the ISU European figures, and Alain Giletti, the title-holder, led at first. Soon, however, the impressive Karol Divin went ahead, and the event became a duel between these two. It ended with Divin comfortably in the lead. Michael Booker was third.

The pair skating on the first evening was notable for the great progress made by the Russians. Stanislav Zhuk and his wife, formerly Nina Bakusheva, who were sixth last year, were runners-up, while their compatriots Ludmila Belousov & Olek Protopopov delighted the 11,000 spectators with a program of refreshing novelty. Last year's Champions, Vera Suchankova & Zdenek Dolezal, retained their title, and Britain's Joyce Coates & Tony Holles did splendidly to come third.

The ladies' figures took two days. The Austrian girls, Ingrid Wendl (Champion in 1956 and Olympic Bronze Medallist) and Hanna Walter, led all the way, closely followed by the Dutch skaters. Dianne Peach was fifth at the end of the first day, but moved up to fourth on the second. The other British entrant, Pat Pauley, was unable to skate because of illness, as was German Champion Ina Bauer.

The men's free skating was a triumph for the young Frenchman, Alain Calmat, who beat all the other 18 competitors and moved up from fifth to third. The judges found it hard to choose between Divin and Giletti, but the Czech's figure lead earned him the title.

The ladies' free skating on the last day made little difference to the final places; Dianne Peach and Jindra Kramperova both did well, but could not prevent the top places going to Austria.

In the dancing, Great Britain, as always, came first, second, and third, but Continental skaters, particularly the French, are catching up.

# Learning to Skate Simple Edges

By **NELLIE JENSEN**

*Seattle Skating Club*

THE PRINCIPLE on which figure skating is based is the circle (a true edge will complete a circle). There are four edges—outside forward, inside forward, outside back and inside back, usually learned in this order. These edges affect the character of all movements in figure skating. The first thing in learning to skate is to relax, keep carriage erect and head up.

Push-offs are very important. A skater should bring the free foot beside the skating foot before pushing off. If the new stroke is started ahead of the skating foot, it causes lunging and breaking at the waist which, besides being unsightly, causes loss of balance and power. A thing to remember is that there is a push-off for every skating stroke. The power for this comes at the end of the previous skating stroke. When skating on outside edges, the skating foot drops to the inside edge before the new push-off. On inside edges, push-offs are from forced inside edges. The changing from one skating foot to the other is known as the "transition."

At the time the skating foot is ready for the push-off, the skating leg sinks slightly on a flexible knee and straightens as it leaves the ice giving impetus to the new stroke. As the new skating foot touches the ice, the new skating leg is slightly bent and gradually rises to acquire glide. Power in the push-off and control of a flexible skating knee determine the extent of glide. Then, of course, the skating knee bends slightly again in preparation for the new push-off.

Shoulder rotation is an important factor in controlling edges. Common practice is that, on outside edges, the same shoulder as skating leg leads, the other shoulder is well back. As the edge progresses, the shoulder for the new skating leg gradually rotates so that it is in position to lead at the time of the new push-off. On inside edges, opposite shoulders usually lead. Regardless of technique, shoulder rotation must be consistent.

In skating edges, leaning into the imaginary circle will assist the skater. However, this lean should come directly from the skating blade—not from the waist or hip.

It is suggested that skaters practice edges (half-circles) on each side of a straight line (used as an axis). Perfect control will result from coordination of the above, and the skater is well on his way toward accomplishing the figure eight.

## OFFICIAL USFSA, CFSF ANNOUNCEMENTS

### Notice to USFSA Individual Members

ALL USFSA INDIVIDUAL MEMBERS are advised that the 1958 Meeting of the USFSA Governing Council will be held at the Hotel Somerset, Boston, Massachusetts, May 10 and 11, 1958. This year the Notice of the Meeting will not be mailed to Individual Members, but those interested may write to the Central Office for copies. All are welcome to attend. For information on naming Delegates and the right to vote, refer to Article I of the By-Laws on page 134 of the 1958 *Rulebook*.

HAROLD T. LEROUX  
*Secretary, USFSA*

### Competitions Committee Appointment

THE VACANCY on the Competitions Committee has been filled by the appointment of Henry R. Heebner, 248 Hathaway Lane, Wynnewood, Pa., to serve as Vice Chairman of the Competitions Committee for the Eastern Section for the balance of the current skating year. Mr. Heebner is filling the position held by the late Frank J. Goodwin.

KENNETH L. BROWN  
*President, USFSA*

### EASTERNS

#### R. P. I. FSC

THE 1958 EASTERN Championships held at the R. P. I. Field House February 7-9 were the largest ever held, to our knowledge, with 130 entries in 13 events—a total of 155 individual skaters participating from 30 Eastern clubs. In order that the figure divisions could be completed, the schedule began at 7 A.M.

We were fortunate to have Andree Anderson & Donald Jacoby with us for Friday and Saturday evenings when they gave an exhibition of their free dance that they would perform at the World Championship in Paris. Saturday evening they gave, in addition, an exhibition of the Blues Pre Gold Dance in the new California style, to the sheer delight of everyone.

The Bronze Dance had the largest number of dance entries; the host club was very pleased when Linda Charbonneau & Arthur Buchman came out the winners of this event. In Senior Pairs, Maribel Y. Owen & Dudley S. Richards were out-

standing; however, Mary Kay & Richard Keller were excellent.

The most spectacular skating was viewed in the Senior Men's and Senior Ladies' divisions where Gregory E. Kelley and Laurence R. Owen skated. Gregory is a short fellow with sparkling eyes and dynamite in his feet. He skated with abandon as if he were giving an exhibition rather than competing with the others in his class. Laurence Owen was a pleasure to watch, for, when she would land her spectacular jumps, a delightful smile would spread across her face. When she ended her number, she just flung out her arms as if to say, "Whee, I made it!" As she started to skate off she did a bunny hop, missed, and fell on her knees, but she just slid along, laughing, so great was her pleasure.

Awards were presented to the place winners by John M. Sadlon, R. P. I. FSC President, and Frank A. McNamee, Jr. Highlight of the festivities was a successful dinner-dance held Saturday evening after the several events. Having enjoyed being host to the 1958 Easterns, the R. P. I. FSC hopes soon to repeat the honor.

# MIDWESTERNS

By MRS. ROBERT G. MYERS

# Troy SC

MEMBERS of the Troy Skating Club, under the able and enthusiastic direction of Fred LeFevre and Bob Myers, Co-Chairmen of this year's Midwesterns, were busily preparing for the event since last autumn. The farsightedness and care was amply repaid in smoothness and efficiency once the tournament was under way; unbelievably most of the time we were ahead of our schedule.

This was the largest Midwestern ever held, with 149 entries in all. Each class was well filled, with the exception of Juvenile Boys, which was cancelled due to only one entry. Some skaters came in to Troy as early as Sunday, February 9, to take advantage of the patch and practice ice Monday, Tuesday and Wednesday, so the club and the Arena ice was busy all week, before and during actual competition. This was the Troy club's first venture into anything of this nature, and our members thoroughly enjoyed every aspect . . . to many of our juniors it was an eye opening education into the finer points of skating.

The changed ruling with regard to eligibility for Nationals created a tense and exciting contest in the ladies' and men's Senior events, with each skater and program seeming more breathtaking than the last. The Dance events were large and wonderful to watch; we were privileged to see two most beautiful pairs in the winning Junior team and the top Senior team.

Everyone was most complimentary of all arrangements and seemed pleased in all aspects of the competition; it is a great pleasure to comment on the good sportsmanship displayed by the skaters themselves, their parents, and all the professionals during some of the more hectic moments. This may have been our first competition, but it will forever leave its many impressions on Troy . . . and all the members of the Troy Skating Club.

## WESTERN CANADIANS

By **FLORIDA TOWN**

*Vancouver, B.C.*

THIS IS BRITISH COLUMBIA'S CENTENNIAL year—and the twelfth annual Western Canadian Championships were co-hosted as a Centennial event by the Connaught Skating Club, Vancouver Skating Club, Kerrisdale Figure Skating Club and Capilano Winter Club on February 13-15.

Pièce de résistance, if any one event could be singled out as being more impressive than any other, was the skating of the Gold Dance event by Elaine Protheroe & William Trimble. This was the first time the Gold Dance has been held in Western competition.

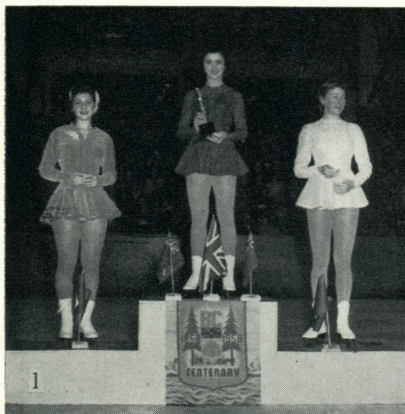

Senior Champion Pamela Willman proved a crowd pleaser when she contended not only with judges and competitors but also a virus that ran a fever of over 100 degrees. One of the hardest fought battles in the competition was in the Junior Ladies' event, where Patsy Chestnut edged out Sheila Farren and Patsy Cook with only fractional differences between the three girls.

Show-stoppers were identical 16-year-old sisters Marlene & Margaret Meldrum, whose intricate stylings set to the lilting score of "My Fair Lady" made them top scorers with judges and audience alike. The Meldrum twins won the Ladies' Pair event for the third consecutive year, wearing costumes of silver trimmed with vivid blue, reflecting the bounce and verve of the pair.

Feature attraction of the Championships was a two-hour live telecast from the Capilano Winter Club giving exhibitions of free skating, figures and judging. CBUT sportscasters Ted Reynolds and Bob Switzer interviewed Judge Audrey Downie on exactly what the judges were doing as they judged a figure skated by Elaine Protheroe. The interest generated by the telecast was reflected in attendance figures as the final events were held Saturday night at the Kerrisdale Arena before a crowd of almost 1800 persons.

Chief Referee Granville Mayall explained basic compulsory figures which were demonstrated by competitors. Assistant

# PACIFIC COAST

By AGNES HOLLAND  
Seattle SC

THE PACIFIC COAST Championships were held February 20, 21 and 22 by the Seattle Skating Club under the general chairmanship of Vernon Campbell. Mr. Campbell and his numerous committees functioned like veterans and played host to 115 contestants.

Barbara Roles in a flame-colored rhinestone-trimmed costume gave a brilliant free skating exhibition to earn four firsts and a second from the five judges to win Senior Ladies. James Short, who trailed Don Mike Anthony after the figures, gained victory in the Senior Men's class with a terrific free skating exhibition.

Sharon Constable, a former National Junior Pair Champion, came into her own with an impressive showing to capture Junior Ladies. Sharon also led in figures. Harvey Balch, a self-assured youngster, won Junior Men with ease, having a wide margin to spare.

Karilyn Frampton furnished the surprise of the meet by pulling herself from sixth place in figures to a well-deserved first place for Novice Ladies. Karilyn, in a simple white skating costume, put on a glittering display of free skating.

Buddy Zack is the new Novice Men's Champion after a fast, action-packed program of jumps and spins, connected with intricate footwork. Sondra Holmes was probably the easiest winner of all to take the Juvenile Girls' title. Sondra has power, speedy pace, grace and the poise of a veteran. Her amazing free skating was one of the highlights of the competition.

Junior Pairs was an interesting event with seven couples entered, but the Fotheringills were easy winners with their neat teamwork and difficult lifts. The cutest pair on the ice were seven-year-old Karen Grobba and eight-year-old Johnny Moore. They went through their long and varied program without hesitancy, even to a simulated lift, which brought laughter from the judges, if not the highest marks.

It was a disappointment to have only two Gold Dance couples entered—Rose

and Lois Morganroth, mother and daughter. Lois, skating with Roland Junso, took the lead over her mother and her partner, Ray Sato. What we lacked in Gold Dancing we made up for in the Bronze Dance where 12 couples entered. It was not an easy victory for the winners, Diane Sherbloom & Raymond Chenson, who had real competition.

All the Senior Pairs gave beautiful, exciting and difficult programs but the smooth skating and finished performance of Sheila Wells & Robin Greiner gave them the edge.

EDITED BY FRED A ALEXANDER

## Midwestern Clubs

Cleveland SC's competitions were held on Jan. 24-25. Winners: Carol Keyes, senior; Susan Bright, junior; Molly Adams and Lois Whittle, novice classes; Nancy Harper, juvenile B; Linda McKinney, juvenile A; Carol Keyes & Sandra Blair, similar pair; Barbara Wedow & James Bright, bronze dance; Elva Traxler & Joseph Hendrich, silver dance; Margaret Trenkamp & John Tuckerman, open dance; Margaret & Carl Wessman, parent-child dance; Mr. & Mrs. Charles DeMore, Pitkin-Cram Trophy; Mr. & Mrs. Ben Fauver, Terry Trophy.

FSC of Minneapolis skaters—Jeanne Lindstrom, Nancy Van Hoven, Barbara Hartwig, Connie Brenner, Barbara Gearty, Bobby Mecay, Nancy Hartman and Carole Banbury—participated in the annual St. Paul Winter Carnival Boreas Ice Show on Jan. 30-31. This same group also performed for the National Association of Outdoor Campers convention in St. Paul in February.

Forest Park FSC and its skaters were featured in photographs and write-ups appearing on six pages of the *Globe-Democrat's* Sunday Magazine section on Jan. 19. The club planned to present an hour-long show, St. Louis on Ice, on Feb. 16 at the Steinberg Memorial Rink. In addition to its four evening sessions, a new Sunday morning session was started on Jan. 5.

Illini FSC has initiated a special junior competition this season which was held on Jan. 26. The competition consisted of inside and outside forward eights and a solo Dutch Waltz. The contest was announced early in the season and four of the adult members (Prof. Seichi Konzo, Prof. Stanley Fletcher, Mrs. Tana Van Giesen, and Prof. Howard Knoebel) volunteered to help in the juniors' instruction. The contestants (ages ranging from 7 to 12) were judged on a point system

by Prof. Robert Emerson, Mrs. Audri Prikopa, Mrs. Tana Van Giesen, and Norman Hower. Karen Meyer was first, Margaret Peters was second, and Roberta Garret and Janice Konzo tied for third place. The first two place winners were awarded silver cups. Members were planning their annual show with Nancy Wilder in charge.

Silver Blades FSC is skating again—after several iceless years—at the Lakeside Arena at Bethel, Kansas, outside of Kansas City. The rink, which opened three years ago, is 85 by 185' in size. At one end of the rink is a two-story clubhouse, with large windows facing the ice surface; the first floor accommodates a skate shop and refreshments, and the second has seats mounted in tiers for spectators. Last year an enthusiastic dance group was formed at the rink and its members have joined the club. The dancers have shown rapid progress, under the voluntary help of one of the more advanced dancers, Mrs. Miriam Murdock, one of the Board members.

Skokie Valley SC has had an excellent season. An opening party at the Hubbard Woods Skating Studio got activities off to an early start. The club has held Sunday evening dance groups at the studio with instruction, and some members have passed the Dutch Waltz. Dinner parties at the Indian Hill, Exmoor Country and Skokie Country Clubs were popular events; as these clubs have outdoor rinks, members felt most fortunate that ice was available to them on their party nights.

## Pacific Coast Clubs

All Year FSC celebrated Valentine's Day on Feb. 11, at the regular weekly skating session. A special tag dance was enjoyed by all. Several heart-shaped cards were distributed to individual members which they in turn exchanged with other mem-

bers for a dance with their partners. Cupcakes, coffee and hot chocolate were served.

**San Diego FSC** junior members and their parents enjoyed a Christmas party which included a potluck supper, and an exchange of gifts. Al Champion showed colored films of his daughter, Janet, in several of her Ice Capades numbers; this was followed by films of the 1956 and 1957 National Championships. For the first time in several years the club had contestants in the California State Championships—Marie Dancy, Barbara Spurgeon, Carol Johnson and Julie & Roberta Buswell—who were given a party by the club on Feb. 10. The intra-club competitions were set for Feb. 17 and 24. Al Champion is donating the new senior division trophy—the Janet Champion Perpetual Trophy—and is also giving a small duplicate trophy which the winner may keep.

**The SC of Phoenix** has undergone a complete metamorphosis. Dues have been lowered and side benefits have been added to include a subscription to *SKATING*. Mothers of the junior members have been organized and furnish refreshments after club sessions; the informal affairs serve as an excellent “get-acquainted” medium. With the advent of summer, officers anticipate another influx of new members, and are tentatively planning to present another carnival in the fall.

### Canadian Clubs

**Burlington FSC** seniors held open house for their friends on Jan. 26. Mrs. James Shields and A. Belchamber planned a varied program of games and dances. The difficult aim of keeping those who could skate, but did not know any dances, warm, busy and happy, was achieved with a game of broomball, a grand march, and an elimination Dutch Waltz. Many guests agreed that the affair brought back to them an almost forgotten activity which they intended to continue in learning to figure skate. For the club, it was a successful experiment in public relations.

**Dundas FSC** has a membership of 300 skaters this season, who were hard at work for the annual carnival to be held the end of March. The Board of Directors entertained at a parents' night, and showed a film of Barbara Ann Scott. Pro Ellen

Burka gave a talk on the history of skating, and explained the dance tests to the parents of new members.

**Minto SC** held a special social evening on Feb 10. Following a period of skating, Judith Rudd & Al Munro were presented with Civic Crests from the City of Ottawa by Controller Ernie Jones. The pair were given recognition for winning the Canadian Junior Pair title. After this ceremony, colored movies were shown of the 1956 Olympic Games in Australia.

**Oakville FSC** gave a successful party for intermediate and senior members and their friends following the last performance of their carnival on Feb. 1. At this time, Maria & Otto Jelinek, who were leaving the following day for Paris to compete in the World Championship, were presented with sweaters decorated with the name of the club.

**Toronto CS & CC's** new clubhouse was still unfinished by mid-February, but the office was moved to its new quarters. The Canadian World Team gave their programs at a Saturday afternoon session at the new club. Ralph McCreath and World Judge Nigel Stephens both gave parties for the Team, and Mr. McCreath presented them with Scottish hats.

**University SC's** junior members have had one parents' party this season. The children are allowed to bring their parents to skate with them at these parties, and it is hard to tell which group is having the most fun. The children's closing party is scheduled for Mar. 22.

### Eastern Clubs

**Brooklyn FSC's** Feb. 12 meeting featured special events. Members and guests enjoyed a full evening of dancing and refreshments served in the Balcony Restaurant. Highlights included the presentation of a Gold Medal to Cecilia Luschak by President Dr. Emanuel Mendelson, and gold skate pins to the current club competitors. The club gave recognition to its otherwise “unsung heroes” when the Club Merit Award went to two members—Harold Moy and Domenick Malavolta—for “most frequently partnering test candidates through the Preliminary and Bronze Dance Tests.” The club also presented a sterling silver cup to Mrs. Margo

Kass, engraved with the names of over 50 members—a farewell remembrance. Exhibitions were skated by Cecilia Luschak and Carol Noir.

**ISC of Coral Gables** members got their skates out of hiding for the first time in nearly two years when they received special invitations to a session at Winter Wonderland. This new rink at the Deauville Hotel in Miami Beach opened in December. The rink is 41 x 47' in size and is in a spacious room. Though members still hope for a full-size ice surface, Winter Wonderland gives them the pleasure of being on skates once more.

**Manhattan FSC** gave a gala Valentine party on Feb. 16 during the regular club session at Iceland. It was a farewell party in honor of Mrs. Margo Kass, who was leaving to join her husband in Germany. A special program was given, with exhibitions by junior members Taffy & Karen Pergament, and a solo by Cecilia Luschak (Brooklyn FSC). The guest of honor was presented with a charm bracelet with engraved disc attached, as a token from all the members. Refreshments were served at rinkside during the session.

**Old York Road SC's** public performance of its carnival on Feb. 8 had a small attendance due to the severe cold. The special club performance was postponed twice due to weather conditions and a record snowfall. Plans were made to have a full-scale performance of the show on Feb. 22 for the public and Feb. 23 for the club. Youngsters celebrated Valentine's Day and Jackie Bolton's 11th birthday as her guests at a skating party.

**Penguin FSC** members wore ingenious headpieces at the Mad Hatters' party held Jan. 20 on the ice. Featured were several exhibitions by members, games played on the ice, informal dance competitions and delicious refreshments. The winners in the different categories were: Charles Yost, most handsome; Mrs. Frank Ross, most beautiful; Theda Beck Bartynski and Henry Jandras, most original; Phyllis Whitman and John Warmkessel, craziest.

**Providence FSC** members were invited to participate in the weekend activities of the University of Massachusetts on Feb.

1. An ice carnival, sponsored by the Tau Kappa Epsilon Fraternity, was held in the afternoon at the Amherst Skating Rink. A two-hour show was given by the Providence members, assisted by three members from The SC of Worcester—Ginny Ryan, Eddie Hannus and Jerry Roy—and Eddie O'Flaherty from Springfield. Providence skaters were Ellen Ann & Ruth Whittaker, Judie & Betty Gallen, Carol & Darlene Smith, Kathy Roe, Ginny Becker, Nancy Murphy, James Pitochelli, Dorothy Maciejewski and Joyce & Robert Harpin. On Feb. 9 the club gave an exhibition for the Jaycee's March of Dimes event at Capron Park in Attleboro. Members taking part included William Flaherty, Lee Ann Migliaccio, Kathy Chase, Marilyn Carlson and Alex Tanner.

**The SC of Boston** members were guests at the Winter Club at Huntington, Long Island, on Feb. 1. U. S. Junior Champion Bradley Lord, Judy & Marilyn Lamar, U. S. Senior Pair Champions Nancy (Commonwealth FSC) & Ronald Ludington skated in a performance there for the benefit of the Muscular Dystrophy Fund. At the opening of a new M.D.C. rink at Medford, Mass., Hayes Alan Jenkins, Dudley Richards & Maribel Owen, Bradley Lord, Laurence Owen, and Nancy & Ronald Ludington skated exhibitions. Winners in the club competitions: senior ladies, Lorraine Hanlon (figures), Laurence Owen (free skating); intermediate ladies, Constance Brewster; novice girls B, Kathryn Hogan; senior dance, Judy Lamar & Ronald Ludington; waltz, Barbara Heebner & N. Preston Breed; veterans dance, Dorothy Albert & F. Shepard Holt.

**Syracuse FSC** senior members skate as a group at the Jamieson Studio Rink every Wednesday evening. Although the ice surface is small, the members are able to get good practice on dance steps and enjoy the opportunity of skating regularly on indoor ice. Six couples skated in a dance number for the Syracuse University Winter Weekend Carnival held at Drumlin's outdoor ice rink on Feb. 7. The show featured Muriel Reich, now a Syracuse University freshman. Despite a heavy snowstorm and zero weather the show at-

tracted a large number of spectators.

**Washington FSC's** attendance at the cocktail party and dance at the Woodner Hotel on Feb. 15 was cut by the biggest snowfall since 1936, with only about 100 members and guests on hand. In order to ready the new senior beginners and novices for the annual club competition at the end of the season, a "trial" competition was held on Jan. 26, managed by Paul Aebersold and Mrs. Verna Wilkin. Beginner place winners—in order—were Gerry Dresser, Mrs. Diana Shaw and Mrs. Jean Radcliffe for the ladies; for the men, Dr. Douglas Noble, Alec Radcliffe and "Clem" Swisher. Novice place winners: Ladies: Mrs. "Mickey" Aebersold, Mrs. Fritz Oliver and Mrs. Erna Stecher; Men: Eugene Van Tress, Capt. Jerry Pensiero and Jim Ray. The trial competition on edges gave the beginners a taste of just how much fun competing can be.

### Ice Scrapings

MEMBERSHIP has almost tripled in the **Louisville FSC** and members are hopeful of an even bigger season next year; an informal Mardi Gras party is planned for Mar. 8 to close the season. **FSC of Omaha's** spring costume party was set for Apr. 7 with "All Nations" as its theme. **Dallas FSC** planned club competitions for the end of April. **Brant FSC's** March carnival was organized at a well-attended meeting on Jan. 28; plans were formulated for a dance on Mar. 1. **Princeton SC's** carnival was scheduled for Mar. 14-15 for the benefit of Multiple Sclerosis. **Genesee FSC** gave a bon voyage tea for Andree Anderson & Don Jacoby on Feb. 1 as a send-off to the Worlds.

# Carnival Cavalcade

HAMILTON SC: 20th Annual Ice Revue; Hamilton Forum; Feb. 7-8. Guests stars of the show were Diane Frith-Smith, Elaine Richards, Louis Stong and Linda Ward & Neil Carpenter. Training and choreography was under the direction of Pro Donald Tobin assisted by junior pros, Mrs. Audrey Rhem and Patricia Heaven. One of the outstanding numbers was the opener, "Winter Wonderland," which featured 24 girls. The junior production was "The Toy Shop," with dolls, stuffed animals, wooden soldiers, clowns, etc. Other group numbers included "Southern Flavour," "Theme and Variations," "Shall We Dance" and "Half and Half." Almost all the costumes were made by the mothers.

OAKVILLE FSC: 7th Annual Figure Skating Carnival; Oakville & District Memorial Community Arena; Jan. 31-Feb. 1. All performances were a complete sell out, including the two held on Saturday. The first half of the program featured "Snow White and the Seven Dwarfs" and the second half, "Around the World"—each number was a stopover at a different country. This year instead of inviting guest stars, members skated the top roles.

ROCHESTER FSC: 18th Winter Skate Parade; Mayo Civic Auditorium; Jan. 11. With choreography and training by Club Pro Helen Uhl Black, it was highlighted by six group numbers: "Ladybug Ballet," "Indian Pow Wow," "Sing a Song of Sixpence," "Variations in Dance," "Apparitions," and "Oriental Fantasy." The Indians—boys ranging from the little beginner to the senior—had strobolited designs on their costumes. The ladybug costumes were made of black leotards and ladybug shells fashioned of heavy orange cardboard with black dots on the wings and sparkling orange and black antenna headpieces. A "King and Queens Ballet" was featured in the nursery rhyme number, and the pie for the blackbirds was made by the fathers. The headpieces of the girls in the oriental number were

fashioned by the mothers, of black crepe paper covering aluminum foil pie plates, trimmed with colored flowers. Carnival committee chairmen were Mrs. Donald Franke (costumes), George Solberg (properties), Harvey Kuchenbecker (advertising and publicity), and Dr. David Daly, Master of Ceremonies.

SEATTLE SC: 1957 Iceparade; Civic Ice Arena; Nov. 22-24. Directed by Pro Clarence Hislop, the carnival was presented under the sponsorship of the Seattle *Post-Intelligencer*, the Seattle and King County Parent-Teacher Councils and the Catholic Mothers' Clubs. Featured skaters included Ila Ray & Ray Hadley, Jr., U. S. Junior Pair Champions, guests Myrtle (Blade & Edge Club) & Phil Girten (Los Angeles FSC) in the senior dance number, Sherry Dorsey and Tom Moore. Joe Jackson, Jr., furnished the professional comedy. World Pair Champions Barbara Wagner & Robert Paul were guest stars. From the proceeds of the show, the club was able to turn over \$5000 to the *Post-Intelligencer's* fund for needy school children.

WC OF FARGO-MOORHEAD: 16th Annual Ice Revue; Fargo Arena; Feb. 21-23. Produced by Pro Ailsa G. McLachlan, the show was entitled "Frozen Fun and Fancy Figures," and featured guest stars Dick Vraa, Barbara Hartwig & Bobby Mecay, Vivian Hayes and Jack Woodstrom. Among the outstanding numbers were: "Heavenly Blessing," a ballet with girls as celestial groups—moonlight and starlight—and the "littlest angels" in white strobe costumes; "Flying Missiles," consisting of six boys whose trousers were of strobe material; "An Evening in Manhattan," featuring a waltz number. The first two group productions were both "First Days of Winter"—one "on an American Pond" and the other "on a Holland Canal"—and the Sleigh Ride was a high point. The carnival closed with the fast and colorful "Norwegian Festival."

# *Skating Through the Years*

**Historically Entertaining!**

**120 Pages of Pictures – Champions – Top-ranking Skaters**

**as portrayed in SKATING Magazine**

**from 1923 through 1957**

**A Second Edition of the booklet first published in 1942**

**Embraces the first edition and is double in size to incorporate the fifteen years elapsed since**

- This booklet was first born in 1942, a war-effort product to conserve, in booklet form, a record of the best pictures used in SKATING since 1923. The plates were then turned over to the Government for its drive in collecting scrap metal for defense production.
- The new edition brings the book up to date by covering, in the second part, significant pictures used since 1942 through the competition season of 1957. Most of the United States and Canadian Champions, and many of the World and Olympic Champions of that period are included in the new volume.
- A fine record, in pictures, of the top-notch skaters in the ice figure skating world of the past 35 years ● A "must" in every figure skating enthusiast's collection ● A captivating book kaleidoscoping three and one-half decades of competitions through its illustrations of top-ranking competitors.
