bigger is better!

Take a look for yourself and see if you don't agree with us, but before you do let me explain exactly what has gone into this Skating make-over.

Last year Skating magazine conducted a random reader survey in an effort to gain current demographics. Most sponsors or advertisers that our sport now attracts require demographics, and a survey like this had not been done in 13 years. Current statistics show that 50% of our member subscribers are between the ages of 11 and 15; 75% are 20 and younger. We also discovered that 85% are female and spend up to 15 hours a week skating, own at least two pairs of skates, use cosmetics daily, are

also active in swimming, skiing, walking, and rollerblading, prefer national brand and designer clothes and athletic footwear, and own 2-3 automobiles per household. Thirty percent of those responding have household incomes in excess of \$75,000; 60% in excess of \$50,000.

Taking all of this into consideration, the magazine is specifically targeted to appeal to these individuals. We have redesigned the graphic appeal of the magazine and have updated our standard editorial departments, now relying heavily on reader interaction. The magazine will focus on competition coverage and feature stories in addition to the standard departments.

The bimonthly magazine (six times annually) is now supported by this bimonthly "newsletter." The newsletter is still officially titled Skating, but realizing there is an additional function to the Association's magazine—that as a publication of record—we will print business-related matters in this portion of the publication. This includes all test results, some competition results, Memorial Fund donors, official appointments, official notes, reports of action, Hall of Fame inductees, and other departments as appropriate or not requiring color pages. The intent of the newsletter is also to help to relay this information to you more quickly through a more budget-conscious medium.

We will look forward to hearing your feedback. So, take a look now and we hope you will agree that bigger is better. ■

BASIC SKILLS PROVIDE FIRST TASTE OF SUCCESS

Jenna and Jacob Willis competed in their first competition, The First Security Winter Games, in Idaho Falls, last season. Jenna, age

2, won the bronze medal while her brother Jacob, age 5, won the silver in the Basic Skills 1 event. They are coached by their grandmother **Patricia Figelski**, a former Canadian skater, who feels that "you can never be too young to learn how to ice skate."

Figelski has taught Basic Skills for six years at the Tautphaus Park Ice Skating Rink in Idaho Falls. "Many children start at very early ages and love it," she said. "We should emphasize this in our Basic Skills Program everywhere."

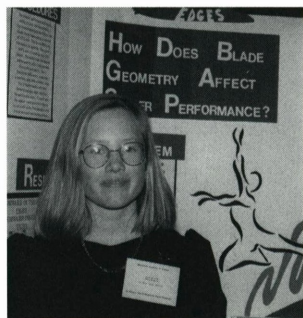

SKATER SCHOLAR

Last year while in the seventh grade of Aitkin High School in Aitkin, Minn., **Laura Noren**, a member of the Vacationland FSC, combined her interest in figure skating with her academic studies to produce an award-winning science project. Noren, who has passed her preliminary free skating test, realized that one of the differences between free skating blades and figure blades lies in the radius of hollow to which they are sharpened. Noren wondered what effects the different radii had on skating figures and free skating.

In researching her project, Noren contacted Sid Broadbent, a recognized authority on blade sharpening, for the technical information needed for the groundwork of her project. Noren then planned and conducted her experiment, wrote a paper, "How Blade Geometry Affects Figure Skater Performance," detailing her experiment and its results, and prepared a visual display for the Northern Minnesota

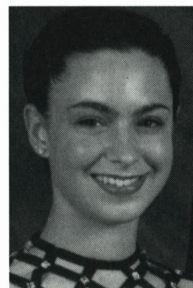

Science Fair where she won first place. She then took her science project to the state science fair where her paper took a blue ribbon.

Most importantly, through this experiment, a young skater was able to see how science relates to elements—such as a skate blade—that are a part of her daily life.

MAKING POINTS

Fifteen-year-old **Danielle Messina** won the Fritz Dietl Rink's

USFSA Achievement Award for most points for competitions attended based on a point-system devised by the rink that awards different point values to various competitions. Messina, who passed her seventh figure and junior ladies free skating tests, also won for the third time the North Jersey FSC's Achievement Award based on a point system which awards different point values to different test levels and regional and sectional events.

RECOVERING

Former singles skater, show skater, and skating coach, **Mary Ann Helmers-Kemme**, is steadily recovering from a recent bone marrow transplant. Helmers-Kemme, who most recently taught at the Queen City FSC in Cincinnati, Ohio and the All Seasons Ice Center, in Crescent Springs, Ky., learned she had leukemia last December. After massive chemotherapy and radiation treatments, the transplant was conducted at the Fred Hutchinson Cancer Research Center in Seattle, Wash. An older brother was the donor.

Although the recuperative process for transplant patients is a long and hard one—they are required to have constant caregivers for at least 100 days following surgery—Helmers-Kemme is doing very well. Although she has yet to regain all her physical strength, she is able to receive phone calls and loves to hear from friends and acquaintances. Greeting cards and calls may be directed to: Mary Ann Helmers-Kemme, Executive Court Suites, Apt. B206, Seattle, WA 98122; 206-467-6374.

USFSA BOARD VOTES TO CHANGE FIGURES VENUE

The Nationals Review Task Force was charged with the responsibility of developing a plan to bring our National Championships into a manageable event. The focus of this 16-member committee was to, with any change, increase integrity, quality, exposure and longevity of each discipline.

Of the four issues studied, balloted and discussed by this group, issue number one concerned school figures. The committee decided that in order to promote the future of the figure discipline, this event must be moved from the practice rinks of our current Nationals, to a venue that will afford skaters optimal conditions and exposure. The Task Force recommended and the Board approved that the compulsory figure events at the current U.S. National Championship be held at an event separate from the current Nationals beginning in 1995.

Scott Cormier, Chairman of the School Figure Committee, along with selected committee members, will identify and select a suitable, prestigious event in which to hold the U.S. National School Figure Championships.

DECEASED

Carla Cornelison, a board member of the Duluth FSC, died on May 26. She served as Secretary of the Duluth FSC for the last three years and also was a member of the St. Paul FSC. Cornelison was a Co-Chair of the Registration Committee for the Northland Competition for several years. She is survived by her husband Gary, son Ryan, and daughter Molly, who competes in the Upper Great Lakes Regional Championships.

George W. Eby, died on June 5 at the age of 79. Eby was President of Ice Capades, Inc. of Los Angeles from 1963 until 1979 when he became Chairman of the Board, a position he held until 1983. Eby's career with Ice Capades spanned over 40 years. A certified public accountant, he joined the company in Pittsburgh in 1940 and held the positions of controller and treasurer before his presidency. For his many accomplishments, which benefitted not only Ice Capades but the sport of ice skating as well, he was inducted into the Ice Skating Institute of America's Hall of Fame and presented the Professional Skaters Guild of America's Lifetime Achievement Award. Eby is survived by his wife Denise Eby of Palm Desert, Calif. and a nephew Philip Eby of Old Bridge, N.J.

Sandford A. Lindstrom, Honorary Life Member of the Seattle SC, passed away June 14 in Seattle after a lengthy illness. He was 81 years old. A former pair competitor, Lindstrom was a past president and board member of the Seattle SC in the 1950's and 60's. He is survived by his wife Lois, whom he met at a Tacoma ice rink in 1947, a son Sanford J. Lindstrom, two grandchildren, a sister, and a brother.

Following a short serious illness, **Dr. Josef Dedic**, First Vice President of the International Skating Union (I.S.U.) and President of the Czechoslovak Figure Skating Association, died on June 19, a few days before his 69th birthday. Dedic was an officer of the I.S.U. for 37 years. He served as a member and chairman of the Figure Skating Technical Committee from 1957 to 1967 and Council member from 1967 until 1984 when he was elected First Vice President. The Czechoslovakian Men's Champion in 1947, he began a distinguished career as a Judge and Referee after retiring from competition. He was appointed an International Judge in 1949, a World Judge in 1952, a World Referee in 1953, and a World Referee in Ice Dancing in 1968. Perhaps his greatest contribution to the sport was in the organizing and conducting of I.S.U. Championships and the Olympic Winter Games. He literally "wrote the book" on the subject, namely the *I.S.U. Memorandum*, a guidebook for the organizing and conducting of I.S.U. Championships still followed by all organizing committees today. It was largely through his dedicated efforts, that figure skating was established as the preeminent sport of the Olympic Winter Games.

A renowned theoretician of the sport with a doctorate in physics from Charles University, Dedic wrote *Single Figure Skating*, a definitive book on the "science" of figure skating, in 1973.

While the I.S.U. and the sport of figure skating will long benefit from Dedic's many contributions, his presence will be long missed.

Gustave Lussi, one of the world's foremost coaches, died at his home in Lake Placid on June 23, 1993 at the age of 95. It was Lussi and the modern techniques he developed for multiple revolution jumps, spins, and combinations that made possible the free skating programs seen today. Born in Switzerland, Lussi was a ski jumper in his youth and became interested in figure skating after a serious ski jumping accident. He became an accomplished skater with a natural gift for teaching. He moved to the U.S. when he was 20 years old and quickly established a reputation as a teacher with his first of many champions, Egbert S. Cary, Jr., the 1924 U.S. Junior champion. Among those to follow were Dick Button, Barbara Ann Scott, Hayes Alan and David Jenkins, Ronald Robertson, Gordon McKellen, Jr., Dorothy Hamill, and John Curry. Lussi wrote *Championship Figure Skating*, a figure skating textbook, in 1951. One of the sport's earliest proponents of the idea of "teaching the teachers how to teach," Lussi himself regularly taught in Lake Placid from 1921 until his death. He was elected to the USFSA Hall of Fame in 1976. Perhaps his greatest tribute lies in the fact that years after their skating careers ended, the champions he taught still profess a familial kinship to him, remembering not only the ingenious teaching methods he used, but also the spaghetti dinners he invited them to. Lussi is survived by his wife Thelma, his sons Craig and Sergei, 5 grandchildren, 3 great-grandchildren—and scores of students.

Robert N. Phillips, 57, a past president of the Oxford SC, died at his home on August 14 after a two-year fight with cancer. An avid ice dancer, Phillips would announce as well as perform at Miami University figure skating competitions and shows. Phillips was a professor of Spanish and Portuguese at Miami University for thirty years, having retired in May. He is survived by a brother and a sister-in-law Bruce and Katy Phillips of Covina, Calif., two nephews, and a niece among other relatives.

Mary Lou Olmo, a member of the SC of Mt. Lebanon, died on September 2 at the age of 54. Olmo was a High Figure Test Judge, Silver Dance Test Judge, High Free Skating Test Judge, and a Novice Competition Judge.

Mary Adele McNally Gould, former judge and member of the Greater Milwaukee FSC, died on September 6 in Milwaukee, Wisc. at the age of 84. Gould was a USFSA test and competition judge from 1944 to 1991 when she retired as Midwest Singles/Pairs and Dance Judge Emeritus. Gould was also a former member of the Chicago FSC.

Frederick C. LeFevre, a past president of the USFSA, died on September 11, his 56th wedding anniversary. He was 80 years old. LeFevre served the USFSA through the years in a variety of ways. He was first appointed a judge in 1955 and during his judging career he served as a Junior Dance Competition Judge, a Junior Singles/Pairs Competition Judge, a Gold Dance Test Judge, and a Gold Figure and Free Skating Test Judge. He was also a National Referee in singles and pairs and a National Dance Referee. LeFevre was a member of the USFSA Board of Directors from 1965 to 1982 and of its Executive Committee from 1968 to 1976. He ultimately served as President of the USFSA from 1970 to 1973. LeFevre also served on numerous committees in various positions. Most recently, he chaired the Memorial Fund Grants and Allocations Subcommittee from 1980 to 1988. He is survived by his wife Virginia and son John, I.S.U. representative and chair of the USFSA Skating Standards Committee. ■

CR 39.064 (b) and 39.065 (b) be amended by adding: "The order of skating the dances shall be decided by a separate draw."

CR 39.053, CR 39.063 (b), .064 (b) and .065 (b) be amended by adding the following sentence: "Draw for the skating order shall be made in accordance with CR 14.024 and 14.03"

CR 39.063 (a), .064 (a) and (b), and .065 (a) and (b) be amended by adding the following sentence: "Promptly thereafter the group shall be posted along with the skating order as provided in CR 14.01."

I.S.U. JUDGES SUSPENSIONS LIFTED

The International Skating Union (I.S.U.) has overturned the suspensions of six international judges, Liliana Strechova, Czech Republic; Marie Lundmark, Finland; Eric Couste, France; Irina Nechkina, Russia; Liudmila Mikhailovskaya, Ukraine; and **Eleanor Curtis, USA**, that it passed at the I.S.U. Council meeting last June. The suspensions were originally handed down in response to the judging of the ice dancing competition at the 1993 World Championships in Prague, Czech Republic.

The I.S.U. appeals commission rescinded the suspensions after it was made clear that the ice dancing referee at the World Championships did not properly conduct an evaluation of the dance judges according to I.S.U. rules. The six judges were not notified of any improper judging incidents at the event review meeting that followed the Championships. In overturning the suspensions the I.S.U. cited Rule 333-1 and 345-3 from its rulebook.

CORRECTION

There is a correction to the newly published *1994 USFSA Directory*. In Section 3 Inter-Club Associations, Nena Segal was incorrectly listed as President of the Niagara Frontier Association of FSC's. The new President is **Barbara Savage**, 1 Earldom Way, Cetzville, NY 14068-1409, 716-689-3175.
